Mora Municipal Utilities (MMU) requires a meter deposit on applications for utility services from renters, realtors, manufactured home owners, and business owners. This deposit is retained as security until payments have been received on time for twelve (12) consecutive months. After the twelfth consecutive payment is received by the due date, MMU will issue a credit back to your account for the amount of your deposit plus interest earned from the date the deposit was paid, in the subsequent billing cycle.

I hereby certify that the above information is correct and true. I further agree to abide by the regulations of MMU. I understand that all utility bills are due by the tenth of the month regardless of whether I receive a bill in the mail and that a late payment results in a penalty and possible disconnection of service.
